SUMMARY

Frontend Developer with hands-on experience in building responsive web applications using Next.js, React, JavaScript, and modern UI frameworks. Skilled in creating reusable components, integrating APIs, and collaborating across product and design lifecycles. Familiar with TypeScript and actively building projects to deepen expertise. Strong problem-solving mindset with proven ability to deliver high-quality, well-tested code through internships, training programs, and independent projects.

WORK EXPERIENCE

Frontend Developer Intern

July 2025 – Aug 2025

SUKU Technologies- Accra

- Built and optimized responsive websites using HTML, CSS, JavaScript, Next.js and React to enhance user experience.
- Collaborated with teammates through Git/GitHub workflows, code reviews, and feature integration.
- Delivered a PowerPoint presentation on AI solutions to demonstrate how emerging technologies could support company growth.
- Assisted in testing, debugging, and documenting workflows to ensure smooth project delivery.

MEST Web Developer Trainee

May 2025 – Aug 2025

MEST Africa (Generation Ghana) - Labone

- Built responsive user interfaces with HTML, CSS, Tailwind CSS, and React.js.
- Integrated APIs using Axios and React Hooks, handling JSON data dynamically.
- Debugged and optimized frontend code, improving functionality and user experience.
- Collaborated in Git/GitHub-based workflows for version control, code reviews, and documentation.

Project Coordinator

Jan 2025 - May 2025

Agrihouse Foundation, Accra

- Coordinated agricultural development projects, managing multiple workflows simultaneously.
- Documented processes, prepared reports, and aligned execution with stakeholder needs.
- Strengthened problem-solving and adaptability skills in a multi-project environment.

Research and Administrative Assistant

Nov 2023 - Oct 2024

Mastercard Foundation Scholars Program, KNUST

- Monitored office supplies and placed orders to ensure resources were available when needed.
- Supported event planning and logistics for meetings, conferences, and company functions.
- Handled correspondence, including emails and phone calls from scholars of program and the general public.
- Assisting in the data collection, data entry and data cleaning of research projects of professors.

Teaching Assistant

Jan 2024 - Sep 2024

Kwame Nkrumah University of Science and Technology, Ghana

- Proctored and graded mid-semester and final exams for 600 students.
- Held monthly tutorials for over 500 students in the Medical genetics course.
- Created handouts, presentations, and other instructional resources to support the Medical Genetics course objectives.

- Updated and monitored online learning management systems with relevant course information like assignments, quizzes and lecture slides.

Project Manager - Intern

Nov 2021 - Dec 2021

Teens Aloud Foundation, South Africa.

- Organized mentorship programs in middle schools and universities in Johannesburg and Pretoria.
- Organized conferences on substance abuse and sexual abstinence.
- Raised and managed funds for the period of one month in Pretoria.
